THE BOULDER COUNTY OPEN STUDIOS TOUR GUIDEBOOK for 2024 THE TOUR EXPANDS!

Welcome to the Guidebook for the 2024 Open Studios Tour! Since 1995, our organization has produced an annual self-guided tour of artists' working studios in and around the city of Boulder.

This Tour is thriving and expanding in the post-pandemic environment. The 2024 Tour marks the second year since its founding that the Tour footprint has grown beyond its previous geographical limits and expanded throughout Boulder County.

The Open Studios Tour is a self-guided, all-ages, FREE tour of the studios of many of the best of Boulder County's visual artists. Held noon to 5 pm, Saturdays and Sundays, on the first three weekends of October, the event attracts over 8,000 art lovers from the Front Range and beyond each year.

NAVIGATING the needs of artists and our nonprofit organization throughout the pandemic inspired us to create an Open Studios' Membership platform. The membership now provides expanded support for working artists, arts enrichment for ALL members of the public, and art-based outreach services for schools and underserved subcommunities throughout the county. It naturally followed that the Open Studios Tour would expand to include artists' studio locations in all towns—Boulder, Erie, Hygiene, Lafayette, Longmont, Louisville, Lyons, Nederland, Niwot and Superior—as well as studios in unincorporated portions of the county.

This year, the 125 artists featured on the Tour will host the public in studio locations that run the gamut from private homes and outbuildings on farms, to garages and warehouse spaces, and to established artist collectives. In addition to artists with years of Open Studios Tour experience, whom patrons look forward to visiting year after year, the 2024 Tour includes over 30 artists who are participating for the very first time.

We are an educational arts nonprofit organization (501-c-3) emphasizing visual art education in all that we do. On the Tour, each artist does their part to fulfill that mission. When you leave an Open Studios artist's studio, our goal is that you will know a bit more about that artist's process and art practice than you did when you entered.

AND THERE WILL BE LOTS AND LOTS OF INCREDIBLE ARTWORK FOR YOU TO PERUSE AND TO PURCHASE!

For a "Taste of the Tour," check out the Tour PREVIEW EXHIBIT opening September 27th with a reception from 5 to 8 pm at Boulder's renowned Dairy Arts Center, 2590 Walnut Street. There, you will find one piece of art by each Tour artist. Select your favorites and make your plan to visit the artist who created it.

Mary Horrocks, Executive Director

MAKING THE MOST OF THE TOUR

1

Study This Guidebook

This book includes information for all 125 artists on the 2024 Tour. In these pages, you'll find artwork, maps, contact information, and articles about the Open Studios organization and our programs.

2

Check Out the Website

OpenStudios.org contains all the information you'll need to navigate the Tour as well as artists' websites, contact information, social media links and more.

3

Visit the Preview Exhibit

This exhibit provides "a Taste of the Tour," with one piece of artwork by each Tour artist. Hosted this year by Boulder's **Dairy Arts Center**, 2590 Walnut Street, the Preview Exhibit is a great way to plan your approach to our self-guided tour.

Opening Reception: September 27th, 5 to 8 pm.

Daily viewing 2 to 6 pm, and Noon to 5 pm on Tour days.

Exhibit closes on October 27th.

4

Look for Yellow Signs

Follow our ubiquitous yellow signs on street corners and intersections throughout Boulder County to guide you to artists' studios.

Step into the Studios of Boulder County's artists.

October 5 & 6, 12 & 13, and 19 & 20 | NOON to 5 pm

THE PROGRAMS

Open Studios strives to advance and enrich the visual arts and promote the role of artists throughout Boulder County.

We do this through six dynamic programs.

OPEN STUDIOS PROGRAMS

Open Studios was founded in 1995 to produce the annual Open Studios Tour, but today our organization is SO MUCH MORE! We know that creativity is essential to a healthy society, so we offer lots of events and activities for the general public, for artists, and to strengthen the community through outreach. **Read on!**

The Open Studios Tour A Boulder County Event

The Tour is Open Studio's flagship event, having begun in 1995 with 84 artists participating. Our Tour footprint expanded in 2023 to include all corners of Boulder County, making it more accessible and more fabulous than ever.

Since the beginning, our tour has set and maintained a standard of excellence through an annual jury process. Artists must apply each year and have their work reviewed and scored by professional jurors, keeping artists on their toes, guaranteeing you a quality Tour experience.

Additionally, Tour artists must provide an educational component. Through tutorials, demonstrations, videos and more, we hope you will leave each artist's studio knowing a bit more about how the artist produces their work, than you did when you entered.

In 2023, over 8,000 patrons made an estimated 45,000 visits to artists' studios on the Open Studios Tour.

Boulder County Plein Air Events

Created in 2017, the Boulder Plein Air Festival strengthens the national reputation of our area as an arts destination. In the Festival format, plein air artists from around the country apply to participate. Those selected through a jury process, come to capture the beauty of Boulder County by creating art in a variety of painting mediums. The art these artists produce during the festival is shown in an exhibit and offered for sale to the public. All festival-produced art is eligible for cash awards. The opening reception for the 2023 Boulder County Plein Air Festival Exhibit attracted over 400 art-lovers, with an additional 500 art patrons visiting the exhibit afterward. Our 2025 festival will be held in early June.

Open Studios occasionally holds other smaller-scale local plein air events, competitions and paint-outs for Colorado artists. If you are interested in learning more about our plein air programs, want to volunteer

to help or to compete as an artist, be sure you are on our email list. Sign up at **OpenStudios.org/partons** or **OpenStudios.org/artists**.

Photo by Karen Dombrowski-Sobel

Open Studios Art and Gift Galleries

GALLERY AT JUNCTION PLACE:

Please visit our gallery at East Pearl and Junction Place. Located one block east of Barnes & Noble at 3075 Pearl Street, Boulder.

In this small, intimate showroom, you'll find a carefully curated selection of art and gift items by LOCAL ARTISTS. Enhance your home or office with original art or a fine art print. Treat yourself or a loved one with a unique artisan gift. We rotate our inventory frequently, so stop in soon and often. Fall Gallery Hours: 11 a.m. to 5 p.m.

POP! GALLERY: Since 2018, Open Studios has operated temporary "pop-up" galleries in vacant commercial properties in Boulder and Niwot, providing shoppers with unique items created by Boulder County's artists. These galleries also provide an opportunity for artists to showcase their work and test the market for items that they produce.

Be sure you're on our email list to learn where and when the newest POP! will be popping up! To sign up, go to **OpenStudios.org/patrons**.

Open Studios Artist Membership Program

Created during the Covid-19 pandemic, our Artist Membership Program provides year-round opportunities for visual artists to promote their art and the classes they teach, and to acquire skills to maximize their art careers. Open Studios Members have year-round opportunities to participate in galleries and exhibits as well as to work in outreach programs that enrich the broader community and elevate the status of the visual arts in Boulder County.

Artists may apply to join Open Studios at any point of the year. Just as our Tour artists have their work reviewed by professional jurors, so do potential Artist Members. We are looking for full-time and part-time artists interested in growing in their art careers by improving their skills and promoting their art. To see how to apply, visit **OpenStudios.org/membership**.

OUTREACH: Education Links (“EdLinks”)

Through EdLinks, Open Studios Artist Members provide supplemental art education in the public schools in Boulder Valley and St. Vrain School Districts. For art teachers and occasionally classroom teachers, this can provide a well-deserved break, or present an art form to students that is outside their teacher’s experience. Students learn skills from these visiting experts along with gaining an understanding of the world of the professional artist.

If you are a teacher or parent who is interested in hosting an Open Studios artist for a class or for an artist teaching residency, contact us at info@OpenStudios.org.

OUTREACH: Mobile Art Lab

Through the Mobile Art Lab, we bring the joy of hands-on art making to underserved and disadvantaged people throughout Boulder County. Open Studios artists lead activities and serve as artists in residence in neighborhoods, senior centers, and wherever people might gather. We are holding bi-monthly “Make-N-Take” classes at our gallery at Junction Place and would love to come provide a fun enrichment activity for a group that you care about.

Through the Lab, we also provide family friendly art activities at festivals and street fairs. If you’d like to volunteer to lend a hand, sign up to help at: OpenStudios.org/volunteer.

DONATE to SUPPORT our Outreach Programs. You can designate which program(s) you'd like to support.

OPEN STUDIOS TOUR ARTISTS

125 Boulder County Artists are opening their working studios to the public for the 2024 Open Studio Tour.

Use these pages to select the artists you'd most like to visit.

SOMETIMES LIFE HAPPENS!

Be aware that artists may have had last-minute changes.

Be sure to check our website for these updates.

Production of arts and cultural goods and services in the U.S. added 4.3% directly to the nation's GDP in 2021, for a total approaching a trillion dollars (\$919.7 billion). This amount remains greater than the value added by such industries such as construction, transportation and warehousing, mining and agriculture.

MAP KEY

There are 10 maps to cover all of Boulder County, stretching north to Lyons & Ute Highway, northeast to City of Longmont, Niwot & Gunbarrel in the mid-section, south to Table Mesa and Eldorado Springs, and farther east to Lafayette and Louisville.

There is some overlap of map areas for street continuity across page breaks.

In the squares (to the right) note in red type, which maps are best to help you locate the studios you wish to visit.

In Memoriam

We lost two shining stars this year, both passionate artists, athletes, good friends to so many of us and others in the community. Each of these men were always there, willing to help on short notice, support their colleagues, offer up ideas and suggestions when asked. They have left a void in our community and they are missed.

Personal branding for creatives: tips from Mike Hamers, Artist & Designer

- Define what makes you unique – your value proposition
- Consider factors like your style, values, and target audience
- Take advantage of the logo's storytelling ability through words, symbols, fonts & colors

A good logo provides a strong foundation for the overall look and feel of your visual brand.

Get noticed and remembered with a personalized logo or full brand identity for you, your product, event, or organization.

Mike Hamers

BUYING ART DIRECTLY FROM THE ARTIST

On a studio tour, at an art festival, or at any number of other events, consider these ideas to help you purchase the art that you'll love for years to come.

Take your time and keep an open mind. Don't feel that you must possess the knowledge to select the "right" piece or something of investment grade. Give yourself permission to like what you like!

Here are some additional tips to help you:

1. Develop a relationship with the artist.

The Open Studios Tour is the perfect opportunity to do this!

2. Keep an open mind. Walk around the studio or gallery and take it all in. Jot down the titles of all the pieces you are particularly drawn to. Then walk around again and "star" the ones you REALLY like. Cross off some others. After a second or third walk-through, you'll often have a decision.

3. Don't be intimidated to ask questions. Ask the artist anything you like - they want you to know about themselves and their art.

4. Respect the artist. Understand that the value of the work has a lot to do with many factors other than the time spent creating a particular piece. Before that perfect ceramic plate came beautifully out of the kiln, several others had exploded. Before the magical painting came into being, there were five that the artist painted over before the composition and brush strokes were just right. And the art that you love is often the result of years and years of practice and study.

5. Wondering what the art might look like in your living room? Many artists will arrange to "audition" the art in your home or office so you can actually see what it looks like in your environment.

6. Love the art, but the investment is a bit of a stretch? Collecting a piece of art you truly love is a wonderful thing. Ask the artist if they will set up a layaway plan for you. When the piece becomes your own, it will make your heart sing!

Open Studios Gallery Boulder Junction

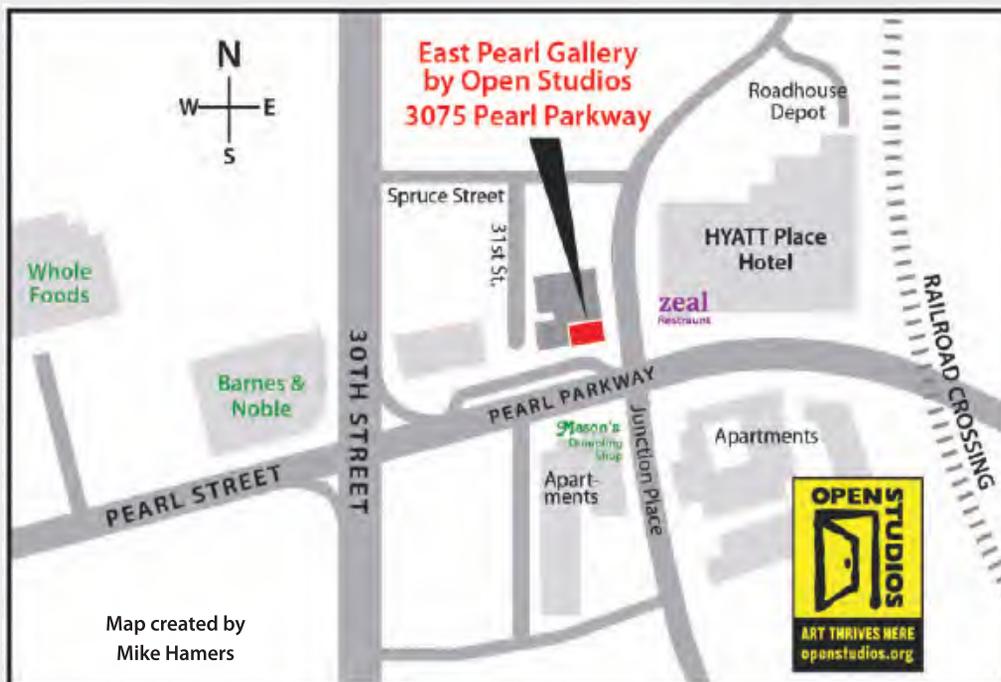

3075 Pearl Parkway (Pearl and Junction Place), Boulder

A carefully curated gallery of fine art and gifts created by Open Studios Member artists, just one block east of the Barnes & Noble Bookstore at 30th and Pearl.

Open Wednesday thru Sunday, 11am to 5pm.
